New Housing Board,
Devarkulam, Sivakasi,
Virudhunagar.

SKILLS

- **Technical Skills :** Java, HTML, CSS, JavaScript, React, Flutter, SpringBoot
- **Tools/Frameworks :** Tableau, XAMPP, Portswigger, Git, MS Office, Figma, Canva
- **Database :** My SQL
- **Testing :** Web Security Testing, Portswigger
- **Soft Skills :** Teamwork, Time Management, Critical Thinking

ONLINE COURSES

- Emerging New Technologies
- Google Data Analyst
- Flutter App Development

AREA OF INTEREST

- Cybersecurity
- Data Analyst
- Machine Learning

LANGUAGES

- Tamil
- English

PROFILE

Motivated individual with a strong foundation in programming, full-stack development, and problem-solving. Eager to learn, contribute to innovative software projects, and grow professionally by applying technical skills in a practical environment.

EDUCATION

Learnlike – Software Developer Training

- Learned Full Stack Development, AI/ML basics, Movie App development, and Cybersecurity essentials.

Quantanics Techserv - Embedded Systems

- Worked on embedded systems projects, focusing on microcontroller programming and hardware integration, providing a foundation in electronic device testing.

PROJECTS

Performance Appraisal Application

- Developed a web-based application to manage employee performance reviews and goal tracking, focusing on real-time evaluation, tracking, and reporting.

Breast Cancer Diagnosis Using Multimodal Structures and Imaging Data

- Developed a machine learning-based diagnostic framework that integrates multimodal imaging for improved breast cancer detection, accuracy, sensitivity, and explainable AI.

Expense Tracker Application

- Developed a Flutter-based mobile application to record, categorize, and analyze daily expenses, focusing on budget tracking, monthly summaries, and financial insights.
